**CITIZENS DECLARE STATE OF EMERGENCY WITH
GEORGIA ELECTION SYSTEM**

Georgia citizens to hold press conference at State Board Election meeting to expose evidence of fraud, including widespread voter roll manipulation happening RIGHT NOW, and demand action ahead of 2024 Presidential Election

ATLANTA, AUGUST 5, 2024 - The Georgia State Election Board will meet on **Tuesday 8/6** and grassroots citizens will be there, once again, in mass to ensure more action is taken to secure the Georgia election system before November. For the last 3.5 years, everyday average Georgians have been forced to do the job our elected officials refuse to do: investigate and verify credible allegations of fraud, error, and election code violations, and identify solutions to make sure it can't happen again.

The investigation of case #SEB2023-25, brought by Joe Rossi and Kevin Moncla is on the agenda again at this Tuesday's State Election Board meeting. In an X post, Moncla writes, "We have introduced new evidence that thousands of ballots were individually selected from multiple batches and scanned for the second time days after they were scanned for the first time. Thousands of counts of evidenced and meticulously documented 2020 election fraud. FACT."

Citizens will hold a press conference outside the SEB meeting, not only to discuss the Rossi / Moncla case, but to also expose how utterly corrupted Georgia's voter rolls are, despite Secretary of State Brad Raffensperger falsely claiming the contrary. Widespread voter roll manipulation has been discovered from 2020, 2022, and 2024 in over 30 counties so far. Our experts will present detailed, irrefutable examples of invalid, inexplicable and illegal voter roll entries. We urge the media to attend, and we encourage the media to verify these facts independently.

The stakes couldn't be higher. Early voting in Georgia begins in 2.5 months. Time is of the essence, this is a state of emergency.

The SEB meeting starts at 9:00am, Tuesday, August 6th. The press conference will begin at 1:00pm on the South Wing steps inside the Gold Dome.
